New Moon

COLLECTION BY MAPALÉ

This is a reflective phase, where the woman can take the time to silence the noise and search deep within. Where she can just be still and become one with her inner self. This connection is profound and fervent as it flows from her mind throughout her body into her soul. This intimate moment allows her to trust her intuition and re-charge her energy to begin the next phase filled with vitality. Become a priority in your life, meditate and always remember to love yourself first.

EXCLUSIVE MAPALE LINGERIE

Taboo in nature, because of its divine link to powerful mystical forces. The woman transforms in this unique phase, she exposes her wild side that is untamed and unfettered. Just like an animal in the wild, she's daring enough to take on any risk. She will change things up and shed her skin like a snake only to reveal her wearing a new set of spots or maybe stripes, nevertheless she'll leave you guessing but wanting more. Get in touch with your fierce animalistic side this season.

· CRESCENT ·

As each phase has come and passed, again it's time for the woman to recollect, heal and grow. During this period she'll renew her mind and begin to release her inhibitions, fears and negative energy. This process will allow her to come back to the drawing board and reevaluate her desires and dreams.

She'll benefit best from taking time off, relaxing but most importantly surrounding herself with love and happiness. She'll draw inspiration from the little things that matter in life. Be your own muse. You don't have to break the wheel to re-invent it, plaid is a hit for this season throw in a touch of lace for elegance and you'll surely be the talk of the town.
